The Board of Directors of the Brush Country Groundwater Conservation District, at their regular meeting held on May 26, 2020 reviewed **Amendment #3** change of ownership Application #0018-249-2015 submitted by: Covance Research Products Inc . The purpose of this request is change of ownership from Covance Research Products to the entity as amended in the entity's jurisdiction of formation. The new name is Envigo Global Services Inc. This aggregate permit will remain the same with (73.76 ac ft/yr) (**25,000,000 gallons/year**) of groundwater that will come from BCGCD Registered Well #'s 249-00548 thru 249-00553 & 249-01812. Planned use of the water requested will be for providing water for planned construction projects and providing water for research animals raised in the commercial compound and provide water to operate bathrooms in the business office.

The board approved/denied your permit request for the production permit amount of 73.76 acre feet or 25,000,000 gallons. The permit, when approved, will extend for five years beginning on 5/26/2020 and will be expire on 5/26/2025 and will be contingent on a water meter being installed on each of the wells included in the permit; all well water meters will be read monthly and reported to Brush Country GCD by January 31st of each year that this permit is in force. All permitted water will be used for beneficial purposes.
