Amber Blondt - 9:30 - Good morning - Meeting -

Rings - Duck Omelette -

Bobby Sykes - Roll Call - Quorum -

Minutes for May meeting - motion Carries.

Item E - David Blaine - Treasurer -

Q3 figures \$49,152.59 - Net Income - 86% of budget. Budget vs. actuals - Income - 86% of the year. Summit Income still to be added. 71% total expenses -

Food & good \$49,152.59 actual. motion Carries.

Item F. FY 2023 - Budget - Net Income, \$7,751.00

Condensed - motion X expenses to budget - motion Carries.

Items -

Executive Director Reports - Preparing for the Summit - John
has put in a lot of work. Official Number, Budget
Summit 200 - 30 are livestreaming.

Student Scholarships - Welcome the students.

Visit the exhibitors -

Thank our planning committee: John of appreciation!
Photo Booth -

Cybersecurity Training: Done tomorrow.

upcoming webinar September 28th - Free Event -

October is renewals - Late Fall GCD policy updates,

1 May News out dated. Committee sign-ups -

Legislative Work - Natural Resources Committee &

Agues - October 5th - TWCA - Graduate's panel

Summit Review - Legislative Reports -

8/30/2022

Notes

January 31st - TAGO meeting -

Executive Committee Report - Regulatory Papers -

Open Subcommittees - 5 subcommittees, 4 of the 5 were approved - Welcome - Thank all of the folks - Drafting the white papers - lots of work done. Doing - You learn a lot of information.

David Blain - Finance Committee - Budget Amendment - GED index with Hoff and Associates - \$4,750 from expense, to contact services, to pay Hoff and Associates.

Andy Doye - By Laws Committee -

Bobby Byers - really big report at the time, education materials.

Jack Martin - Expenditure Protection Committee -

Abundant well program - disclosure statement as well property - expansion program - On site surge -

H-GMA Reports - GMA-1 NO MAG yet, GMA-2 - GMA-3 - GMA-4 - MAG Reports, GMA-6 - Explanatory Report - make edits - GMA-7 - MAG Report, GMA-8 - Late July our DFC Relations are inconsistent but to re-adjust to match.

GMA-9 - NO MAG yet, GMA-10 - Explanatory report but to make edits. GMA-11 - GMA-12 - Received MAG - opened up open comment - Process open to public.

GMA-13 - mag - RFQ for next round - GMA-14 - NO mag yet - GMA-15 - GMA-16 - adjustments been completed

8/30/2022 Notes

Lifetime membership ~~3~~ Scott / Toland - lifetime membership to FAO.

Item to other bus. June 6 & 7 2023.
Came over at 1:00 p.m.

1:00 - Jack Mortenson - Being sponsors. 73% increase in population.

Paul - The Sword. Vernon Ray Williams - Robert Mace - Wade Olson - Mitchell Soder - Delbert Jeps.
Sustainability - how will it be done. Robert Mace - 1999, 2 words, don't say in public "viability" - "sustainability" - Less products, more demand. Water level falling - Capillary dyke.
Organic demand 1968 TWOB - Movement from St. Mary's to Ball of Peace - Safe yield -

Definition - products sustainability - development use of products in a manner that can be maintained for an indefinite period of time without causing unacceptable environmental, economic or social consequences.

Products production - Sustainable yield, Maximum Sustainable yield. Conservation Rules sustainability possible

Measures - How pricing is measured, reported and charged. Fees on pricing? very helpful, conservation easements, grants from USOA. Working at conservation - 3 Ps, Private, public, partnership.

8/30/2022

Notes

Water to be sustainable. Win-win situation.

"Swing from raising cattle to raising people".

6CD's under funded, need to use the resources (colleges, universities), Cap on production, How you take and eat it to. ASR - San Antonio, has worked fabulously - Property rights - Sustainability measures property rights. It should be there in the future.

Scott Keenert - El Paso Water Utilities -

Yesterday, today, tomorrow - County fair - 6th largest city in Texas, the 9th city. Best Capital of the world.

Water from the Rio Grande, (Railroad in the 1800's)

16 years - well, well, well, the muddy Rio Grande,

60 ft. deep, 13 ft. diameter - hand dug well,

John Wesley Hardin - (1853-1895) shot 80 people,

bad behavior, poor water quality. Water Wagon 1910.

Import water - 1930's.

1994-2001 - An Ocean of Brackish Water - Deep well injections 2007 - Desal Plant - Forget it in the world

27 million gallons/day. 1980 Water treatment plant 2007 Ray Bailey Hutchison -

Drought - picture of Cactus - T r i t r a

TWDB Regional Water Planning Director

8/30/2022

Notes TADN

Jeff Walter - TWDB - Executive Administrator

Kynate - at the core - Texas is big - Huge,
big Needs - Population to grow 70%. Water needs,
Desired Output -

708 million - 665 million from funding.
Exceptional Enhancement and Modernization

Federal Assistance - 169.9 million Technical Assistance,
KWAFA and Ag Conservation funding.

Rusty Smith - Texas produced water conversation - New sources of
water - SB. 601 - How much produced water? Do we have the
technology for produced water into beneficial use. How much
produced water are we talking about. Annual report to TCEQ -

Railroad Commission - Salt Water Regional Wells. Oil &
Water ratio. Permian Basin - 3 billion barrels of produced
water. 5 to 1 barrels of water to oil. 38 yrs. horizon

14 million barrels a day. 3.9 billion barrels area. 511 Acre
feet of produced water. Recoverable water high TDS -
120,000 TDS - salinity - (elephant in the room.)
Desalination solution recovers 50% the other 50% goes into
disposal or reuse. 256,000 Acre feet. How much
water, is there technology to treat it. New water source,
run risk assessments, health and the environment.

Need pilot projects, to run analysis. Cost per barrel \$
on seawater desalination. Economics piece, Desalination is the
cheapest option - 60 to 70 cents/barrel.

8/30/2022 Notes

make it more economical. Exterior costs, what does it look like vs. groundwater. Develop an economic model. Costs for groundwater - 3 cents per barrel. Aggravation cost very low. 40 projects, cost of 7 cents per barrel. municipal street water is 20 cents per barrel, 40 cents per barrel. Water markets discussion. Policy addresses that we are looking at.

Andrew Amadi's abstrum - Open ET and possibilities in Texas. - Fences and Wildlife - Consistent treaty dates - What is evapotranspiration? Evaporates, transpires (often being used by plants & grow). Recycles underlying groundwater back off and returns to a local canal or river.

831-2022

Amber Blount - President of TACD - Welcoming - Thanking all of the sponsors, highlighting the students.

Julie Nakagawa - WOTUS - Whiplash - Waters of the U.S. WOTUS - join of land and forth.

History - Count Cases - History - Texas Water Code, how this is different. In store for tomorrow. River on Fire - Burned 3 different times - address pollution and water.

Navigable waters - Clean Water Act - including territorial seas. Clean Water Act turns 50 yrs. in October.

EPA - water of the state is? 1977 after the Clean Water Act - Core and EPA - Adjacent waters, called that into the WOTUS. Riparian only navigable

8/21/2022

Notes THG13

Waters of Waters - Food Security Act -

River Converted Cropland (PCC) before 1985 -
Exemption.

De Crops Migratory Bird Rule 1986 (Riverside)
Waters and SCOTUS -

Riverside Program, Intra state land - where
migratory birds fly. Waters stops land starts.
Riverside Program -

SWANCC - Cannot use a migratory bird to call a
migratory bird rule to be SCOTUS.

Programs vs. Intra state - "Rebber meets the road" - Plurality
a 4 to 1 no clear majority. Needs to have
permanent flow, water bodies need to touch.
Significant Nexus - allowed the justices to consider
WOTUS.

Mani Case - Supreme Court - going around and around,
drainage waters into groundwater - Groundwater was not
jurisdictional - Acts as a conduit, groundwater serves as
a conduit - Quickly affecting the seas, dye test,
Need a permit, the waste is only at the
sea. The theory is Abigail Whelan.

Obama era - WOTUS - Supreme and Supreme Court
gradual, Supreme Court ruling - 3/4 more jurisdiction

8/1/2022

Notes TAGO

Significant Necess test - Adjunct regulatory -

3 Categories - Jurisdiction of rule, Significant Necess. test, Excluded by rule.

• Exclusions: PCC, Groundwater, Stormwater control, features, waterways control, Law suits Commerce, Patchwork of WOTUS.

Trump-WOTUS - Surface Water test, exclusions, like Obama exclusions, Law suits Commerce.

Biden Wa Wotus - 'Back to the future', go back to the basics, how to interpret, Biden dropped key exclusions, they were understood, taking out the exclusions.

PCC - Wastewater treatment plants, lagoons -
Go with what we know. Ended up meddling the waters - "Protect and maintain the chemical, physical, and biological integrity of the Nation's Waters" on best available science.

WOTUS and Groundwater - Never interpreted Waters of the United States, including groundwater.

TPDES & TLAP - Chap. 26. TWC, On May TCEQ is the delegating authority of NPDES permits under CWA. Texas issues TPDES permits.

Permits are being issued for "Wastes being discharged"

8/31/2022

Notes TAGD

Groundwater and Texas law, high groundwater in.

SCOTUS Imbler - Oct 3, 2022 Sackett Case,
Summer of 2022 - Rule on Sackett.

EPA - Rulemaking this line: Feb. 7,

Legislative Interview Update - Green Hodge -

Jimmy Ky, Keny, Echert, - Electors, Stability,
Sunset Advisory,

Electors - Big deal 2022 - coming on re-districted
House and senate - at the Capitol, 150 members - 85 republic
65 - democrats - They'll put up republic's majority -
Texas Senate - 31 members - 18 - 13 - Republicans lead -
Run up 1 seat.

State senate - Get O'Rourke - Abbott -

Legislative Committees - House of Natural Resources -
Committee - meet on odd numbered years - 8,000 bills
filed. Review groundwater policy and program.

Review large scale events, transfers and projects.

Make recommendations to: Review achievement of
planning goals including DFC's.

Provide adequate transparency to the permit application
process.

Further the state's groundwater quality protection efforts,
including an assessment of risks posed to groundwater and
abandoned and deteriorated water wells and orphaned oil and gas
wells.

Brian Sledge 8/31/2022

Notes TAGD

promote conservation and waste prevention.

Non-graduates focus: water and flood infrastructure,
deal, compensation/prior appropriation, Coastal barrier
systems, others.

Protect graduates quality.

Senate, Water, Agriculture, and rural affairs committee,
not listed. SB. 152 - re-introduce that bill.
TWCA - is doing - C. Chris Hoge well SAWS -
Graduates Committee, broken into subcommittees,
joint planning, (TWDB - additional funding for building better
GAMS, more technical assistance. Mitigation
Carroll Wilcox - filling water levels -

Quality Bonds - look more at it!

Codify the joint's opinion - Can't change the future use!
Stuttering Case.

Graduates Quality - Recor County -
monitoring the OFC's -

2 efforts - A year or two force on Waste - Come up
with a definition of waste. } Charles Porter - S.T.
Edwards - real estate firm; it would be hard
longer.

Sunset Amendments - Review the usefulness,
to see if they should be continued.

Bills that have to pass - almost always
number 8 - special election

Number 14 - Refiling of Bills - June 19, 1st day of session.

8/31/2022

Notes TAGD

Panel - Nathalie Bellow - TWDB -

Historical and Projected Population growth - 70%
Major metropolitan Areas.

Control Texas growth - Property Rights issues, Texas -
and Concrete Canyon - This disrupt!

Hays County - fastest growing County - Value on
taxes has increased 10 yr. period on growth and
development -

Model Subdivisions - Subdivisions - 3 Categories that
cities can adopt. Model subdivision rules - north this first
water, drought EDAP funding - they address the availability
of water in this area, Chapter 35 - Water Code 35.019 -

Outlook for Counties to have sustainability for planning -
Safe sustainable yields. For enforcement -
Gradients Certification - Available gradients for the plot.

TCEQ rules - 30 Texas Administrative Code sections 230
for subdivisions using GW. What is required? Is it sufficient?

Page 7
Worksheet -

Legislative Panel - Local water, Jerry King - Unburied wells -
Drought - Water, Aquifers, location, location - Water is key -
Wade Wilson - Debbie Wood - J. Santos King - 3 Categories -

Separate, long term, not easy! Great advocates, the
need for it. I'll stay and that's where I'll go. Gradients.

Uster Ridge - "Science and Data" - Data on existing,
thought the science would support it, water quality funds -
more common place, how to handle the density,

8/31/2022

Notes TAB D

Buy - Cost of Water - too cheap - Export the future of that community. Property rights. Infrastructure - find for replacing pipes in the ground. Water supply - Partnership on the Tule Lake - find. Santa Eklut - Santa Eklut - Davis and Monterey Counties - Vicksburg project - seeing depletion of their water. In the threat of water transfer, County judge and Senator - Tifely Dean - Why is for dry Water is for fighting. Legal mythology - a private right a necessary right - How do we get a representation of groundwater in Texas. A state obligation. Only the state with local input. Kyle Kacel - Transport of water - we have a focus on these issues - Focus on water Vicksburg Project. Subson County to San Antonio - Vicksburg Project, educate our colleagues. Capitalize on the Federal Government - It's time to act. Water and Water Infrastructure is critical. Infrastructure - Dany Kij - Ground approach, groundwater and river area, protection of our groundwater, future of Texas. Food for deal and Conservation. Long Term. Surface water is limited. Different view on water transfer based on origins. Drought and its impact - Kyle Kacel - better job of Conservation, ASR, Santa Eklut - Dany drought - "Benefit of drought - we don't have a significant source of water, SWIFT - Finally, electrical and water supply. SB 11 - Don't want to mislead people, has to be a reality. Have a real plan! 70% of crops didn't make it.

8/31/2022

Notes TUSD.

Senator Charles Roy - Concept for produced water, we have to have a concept on how to get by by less. Water is not automatic, we need a better job on water. Can't let development affect our water. Gray Ky - How do we get legislators to care about these issues. Groundwater sources. Need a focus on effort on rural communities' improvements on infrastructure, drought is always here.

Educate people, recruit people on Natural resources. Senator Elliott - Drought described as a slow moving natural disaster. 2.5 million acres short, groundwater will be reduced by 30%. 50 day type drought.

Emergency circumstances. Emergency! Need to solve the issue. As interest for the last 20 yrs. "Protective War fare." Population increasing.

⑤ Sunset Review - Senator Roy - TWOB recommendations, One out pretty clear and clear. Water plan needs to be renewed. SB 1511 has to be - Force passage, The sewage issue - State level to give the desire to continue to work. TCEQ - under scrutiny - was the public needs to be more involved. Surface water permits - outside the Sunset Review - TUC - For utilities' Commission.

Gray Ky - Sunset review process - Swift, filed an amendment, to either pass or fail. - TCEQ, TWOB - public outcry. TCEQ is a pretty Permitting agency. Big support for the Sunset review process. That it is used as a tool. Good public policy.

8/1/2022

Notes TAGD

Senator Eckert - 2022 to do better - larger, County jobs,
I have had my encounters with TCEQ - as the County as
a plaintiff. I have worked with the TCEQ and TWDB -

Texas Parks and Wildlife - reduce our regulatory footprint.
"A Texas with a low water" - Regulatory right. Kyle/Kacel -
Sunset Process, its transparent, bring this to light.

Senator Eckert - prioritized - \$ - infrastructure funding. Our
water distribution. A heavy burden, a plan for water
users. - Deal - Aquifer Storage, Produced Water -
investments need to start now. Senator Bay - \$ where to

invest - biggest budget in history. Pilot Projects -
large volume of water DMC recovered. Leaky pipes -
move into - development - real estate not growing
instead of SOD, lots of money, lot of opportunity -

Energy sources, cleaner source of energy to do deal -
a desire to spend that money on infrastructure. Kyle/Kacel -
funding - Leaky pipes - Infrastructure, Conservation,
Tracy Ky - Funds for water infrastructure. Start type

Drinking Water Quality - Plugging wells - Kyle/Kacel -
How - plugging of unplugged wells, federal funding -
identify the cost - more effort to plug wells - Focus
on water - fight on Covid, Covid, we need to focus on
water. Tracy Ky - Abandoned wells - what

solutions - landowners - fear of property - Educate
people. Fullwood Community - program to plug wells.
Plug abandoned wells - Detentioned wells. Senator Eckert -
address unplugged wells - Concrete Vats -

8/31/2024

Notes TAGD

Sarah Eckhart - Well contaminated with Benzene, to assist to plug. Corroded with lesions, rust with Benzene, - Septic tanks - Coliform is creasing - Just to help them. OCD members afraid of getting sued. Senator Roy - On abandoned wells - oldest wells - need to be plugged. Bond requirement - If well is abandoned, it is your responsibility. What is Priority. Kacel - Drinking water, water policy and growth. Senator Roy - Conservation, water supply - ongoing - we are a private property state, permit of happen, the right to have developed, water - Private ownership right. Frey King - Priority - find small comments on infrastructure, water supply. Start on funds for plugging abandoned water wells, property rights issue. Reception of reality. Sarah Eckhart - ideas on the perception how we see ourselves, more within our narrative. We embrace the atmosphere is sucking more moisture out of the earth. Treat it differently Water. "Aquifers are infrastructure" - Surface water and groundwater?

Donny Merritt - From the Alamo to the Capital - "Great Springs Project" - 6th quarter 2024 - Leasing - Prop.

425 - Great Springs Project - to add 50,000 acres of additional protected lands over the recharge zone between San Antonio and Austin.

8/31/2022

Notes TAGP

Gary Merritt - ambitious, crazy - 1-35 to Austin from San Antonio - a 100 mile Epic & epic trail network from McAlamo to the Capital. 30 million people in the state. 50 million people in the next 25 years.

A national park-sized corridor of protected lands between San Antonio and Austin over the Edwards

Aquifer recharge and contributing zones.

Did find, good owners -

Rites a big tent, keep your eyes downfield,

A rising tide lifts all boats.

Good partners, good collaborators.

⊕ Quote - "If you want to go fast - go alone. If you want to go far, go together!"

All entities relate to one another, a coordinated system.

Great Epic project - We work with everyone, trail networks, transportation plus - 100 mile trail.

Equity task force - We ensure access

Work with our authorities - Private businesses,

Real estate developers - how to connect our trails.

Chambers of Commerce. Collaboration takes time.

Meet people where they are, your partners priorities are.

The sweet spot - It is important to me.

Work, work, work, - Keep your eyes downfield!

It applies in all life. You can only get to where you want to go, but you have to look beyond, keep your focus.

8/3/2000

Notes TAOO

Gary Merritt - The path forward - Real Estate -
buying 10 acres. Then we will sell or ten acres to the city.
Including the city find funding to buy from us. We focus on
all the parts, all the steps at the right time and order.

Strategic Plan:

Put trail on the ground. Put budget into Consentum.

Keep looking forward.

A River tube lifts all boats - Flood mitigation -
a significant impact. Spain or Portugal - Walk along -
Cafes - hotel

Take all lessons to heart. How to add value!

The next mile, the next thing for you is an extension of
what you're already doing.

Partner with -

Work locally. $1+1=3$.

Engage other people, agencies -

Water Supply. Sampling -

Groundwater Data - Heather Dodson - TW08 - Created in the
late 1980's - Drought always played a role. SWIFT
Funding - Monitoring Water level monitoring wells -
of 7,000 - we measure 5,000 get water levels. Goal to
have 1 recorder per County.

Water Quality Monitoring programs -

Spur's initiative -

measure water quality - Once 8 yrs cycle.

8/31/2022 Notes
Heather Dodson - TWOB - Springs Initiative

How to submit Data.

Tips for Data -

Don't reuse state level numbers - Reports as much information as you can in the new well data.

Include full dates.

Provide comments

How can we improve our outreach? Picture of well Faell.

Questions / Contacts -

Natasha Martin - Shareholder Best Practices for effective board meeting.

Tips, Tricks, for meetings.

Attorney:

BCD Boards -

Are vital to BCD purpose. Are legally required for BCDs. Serve a crucial function - Serve as a key unit in taking. Board sets rules and policies. Control of the business. Preferred method of making decisions & preferred science. Enabling legislation, Government code.

Who are the players?

Board officials, Constituents, Applicants/Vendors, Special interest groups, regulators, media, Utilities/Political subdivisions. Neighboring Communities - Regional/GMA

Judiciary - Municipal, County, State, Federal
Public - Everyone! State Auditors Office.

8/31/2022

Notes TAB 1

National Monitor - members can be sued. 36.06

What's your official Position?

President / Chair

members

Staff

Applicant

Audience

media

Expert / Consultant

Role Clarification

Legislators, Representative, members, Staff, Applicant, Audience, media, Expert / Consultant - CONSULTANTS. Best Available Science. Advocate, Subject Expert, Informant gather observer.

What's your function?

Issues - anticipate outcomes

Problem Identification

Problem Solving

Vision / Goal setting

Testing results

Legislative - Policy input,

Administration - Implementation.

Adjudication - quasi-judicial

Appellate - Appeals, exceptions Appeals Hears

Resolving Offices. Focus on the process, understands the process. Understands the groups resources and needs.
Monitor - a civil and respectful atmosphere.

8/31/2022

Notes TAGO

Natasha Martin -

Reminders meetings are for board members.

Martin

Proceeds.

Traits of successful Board members.

Be brave and speak up

Slow up

Ask staff questions in advance

Are respectful

Are fair, are consistent, Don't act if not ready.

Avoid inappropriate communications -

Don't disclose executive's sensitive data

Don't have discriminatory motives

Conflicts of interest

Good steward of administrative resources

Put community interests, know the law, seek and build consensus.

Lead with a positive agenda. Embrace all matters before the Board. Be supportive of others. Share data, be consistent, post agenda early. Accessible posting. Clear agenda to follow. Openness, respectful dialogue between board and staff and public. Don't interrupt, set expectations, reasonable limits on public comment. Public can come and go, Rules of order. Opinions until vote, votes don't have to be unanimous. Pull call votes.

8/11/2022

Notes TAO

Leah Martin - Good morning, therapy, spontaneous. Looking
EAA vs Day 10 yrs.

Doug Ellis - attorney - Ellis law firm. Filibuster - 1st 8. M. E. EAA.

Russell Johnson - 10 yrs.

History - EAA - vs. Day - Well had been eaten up, became
free flowing artesian well. Contested case. SDAT - Remit for
14 acres - not happy, they filed a lawsuit. Rule of Capture,
not on water capture right. 9th Court of appeals, water in the
lake was for beneficial use. Overruled the 9th Court went to
the Supreme Court - arose case, long conclusion. 14 acre
feet - became state water. Sequester use, cannot expect a physical
invasion, since 1904 - you need to have administrative law to take
care of issue, taking case on SDAT level.

Russell Johnson - Impenetrable - Baylor law review -

"Early 2012, Supreme Court in Day, turned water law
on its head, water on its feet" - Groundwater should occur."

"Less groundwater, more demand" - City of San Antonio - SAMS,

Quinn's lawyer - EAA - Edwards Aquifer Authority - Set it
in context, - Understood that the problem. San Antonio relied
on EAA - for its water. Producer of groundwater was
not liable for negative impacts or liable for drying up a
spring. Dependence on spring flow - 1993 - Passage of the

Edwards Aquifer Authority Act - Passed until 1995 -
became effective in 1996 - Summer of 1996.

8/21/2022 9/1/2022 Notes TAON

Greg Ellis - Russell Johnson - Brag vs. EAA -
Coyote Lake Park - City vs Surface owner -

28 acre feet/year -
10 acres -

50 ft. spring rate?
property vs wells

Greg Ellis - GCD to protect you.

Paul - Issues in Water Quality.

Devin Jones - Water Quality threats.

Verice Klause - Hydrogeologist

Marci Friberg - EAA.

Just Soutter - G.M. Hendill

Verice Klause - Know your geology! Water quality risk factors. Grounding units, leach conduits - Undetected from. Arsenic or radon nucleides - Risk factors - Selfish light or uranium wells, old abandoned oil & gas wells - Be Proactive approach. Damage has been done!

Just Soutter - G.M. Hendill Cont GCD. In a rural oil and gas environment. Water quality a big issue! 1st step identify the risk - Aquifer and oil & gas. Basic Analyses. In house testing. Testing is simple and affordable TDS, pH, Conductivity. Nitrate, alkalinity - Monitoring wells - Domestic, livestock, irrigation. Baseline data - Symptoms you are experiencing. Free to them. Level of concern, Marci Friberg - Recharge zone, different types of geology -

8/8/2022

TAED Notes

More Tribby - partnership with landowners. Potential for problems. Explosion of population; things will change.

Complexity, some common things.

Verice Klauer - Roberts - baseline or background data.

Good partnership and revisit trees or outcrops.

Joel Dettl - Tribby's quality - Saltwater injection well. What will be the end result of the program. Agreement has been modified.

180 to 200 samples.

More Tribby - Water quality regions - Abandoned wells, Create a process, to look at wells, determine, Water Quality threats! Clay in ownership is a problem!

Verice Klauer - Remon Basin - High TDS, over 10,000 TDS. 60,000 TDS. free flowing wells - old oil and gas - Subsidence occurring. Daddy Has - 20,000 acre, over. Pecos Valley. Near the Pecos River, False Orsted.

More Tribby - Regulatory powers of TCEQ - Controlled fees, secondary containment. Containment. 1st responder program. Information sharing system with the City of San Antonio. Partnership - Absorbent Dunes - Absorbent Dunes!

Joel Dettl - Buckwalter - Not started early.

9/1/2022
